

# Nuclear Breakdown

Final day is here, we have lost control  
Live on earth destroyed, no one has survived.  
Death comes to your home, caused by atomic crash.  
Nuclear winter 1000 years. Mother earth damned to die.  
Paradise earth turned to hell and in hell we will burn.  
Death comes to your home. Reactor accident, atom test.  
Castor transport, another lie. Deadly nuke lay us to rest.

Nuclear Breakdown has come.  
Atom reactor failure.  
Out of control, break down.

Nuclear Breakdown has come.  
Atomic warfare in false hands,  
Out of control, break down.

Worldwide desert spreading, falling atomic dust.  
Radiating acid rain, contaminate the ground.  
Death comes to your home, caused by atomic crash.  
Nuclear winter 1000 years. Mother earth damned to die.  
The world is gone you see, money you cannot eat.  
Death comes to your home. Reactor accident, atom test.  
Castor transport, another lie. Deadly nuke lay us to rest.

Nuclear breakdown has come.  
Atom reactor failure.  
Out of control, break down.

Nuclear Breakdown has come.  
Atomic warfare in false hands,  
Out of control, break down.

Many energy available, the dangerous we choose.  
Abuse our children's world, egoistical, inhuman being.  
Death comes to your home, caused by atomic crash.  
Nuclear winter 1000 years. Mother earth damned to die.  
Price for stupidity is high, to high for our existence.  
Death comes to your home. Reactor accident, atom test.  
Castor transport, another lie. Deadly nuke lay us to rest.

Nuclear breakdown has come.  
Atom reactor failure.  
Out of control, break down.

Nuclear breakdown has come.
