

## Trail of Fear

There's nowhere that you can go  
Without me waiting there for you  
I am playing God and I am right  
Alike Him I am out of sight  
I ain't bitter, I'm just mad  
Take away all you ever had  
Your loved ones are not secure  
While I'm on my fatal tour

When death comes, it comes  
Leaving a trail of fear  
Trail of fear  
When death comes, it comes  
Leaving a trail of fear  
Trail of fear

There's no ammunition wasted  
Every bullet hits its target  
In your heart and in your head  
Now you are doomed to be dead  
I have served my country well  
Now I make it a living hell  
My bullet you can't avoid  
Get the whole nation paranoid.

When death comes, it comes  
Leaving a trail of fear  
Trail of fear  
When death comes, it comes  
Leaving a trail of fear  
Trail of fear
